Headteacher: Emma Hillman NPQH, MSc, MA

20th March 2020

Dear Parent/ Carer,

gardiner.theobald

Teachers at Heathcote have set up a number of online learning systems to provide education for our pupils. The information on how to utilise and access the online will be provided through two formats; Google Classroom and Show My Homework.

Google Classroom is in place for all Year 11, 12 and 13 classes but some departments have used this resource for other year groups depending on the content of the learning. Attached are the PIN numbers provided for each of these classes. A tutorial has been provided on Show My Homework to all pupils on how to sign up and enter these PIN numbers. If there is no PIN number below for a class then resources are provided through Show My Homework. There is also a table below for each department to guide you in knowing where to look for resources. Teachers have also added the Google Classroom pins to Show My Homework for pupils to access.

Teachers are also using other platforms such as Zoom but information regarding these platforms will all be provided through Google Classroom and Show My Homework. Ms Hillman has also sent out a list of free on-line resources.

Healthy School

Some teachers will upload video lessons but we will not be delivering lessons on a daily basis that pupils need to log into. Some pupils with SEND and hearing impairment will have one to one sessions.

We have also attached a Kindness Calendar and a link to a workout hosted live by Joe Wicks at 9am each day. Please consider your mental health and try and exercise as per guidance. We will send out a list of agencies that can provide further support.

As we do not know how long this will last, teachers will continue to set new work until we have further guidance.

supporting individual excellence

Our pupils are now going to be in contact with the internet and other forms of social media more than ever. Think U Know has provided a resource for parents and pupils to stay online, providing free support and advice. If you would like to use this service it can be find via the following link; <https://www.thinkuknow.co.uk/>.

You may experience anxiety about coronavirus or low mood, especially if you are required to self-isolate for long periods of time. There are many things you can do to look after you mental wellbeing including keeping physically active, or connecting with friends and family via phone or online.

There are also numerous mental health support offers available including online. Support and information can be accessed at <https://www.nhs.uk/oneyou/every-mind-matters/>. You can receive a personalised plan to help you feel more in control and to deal with stress and anxiety.

Further information and advice can be accessed at <https://www.mentalhealth.org.uk/publications/looking-after-your-mental-health-during-coronavirus-outbreak> "

Please contact Mr Gallacher on rgallacher@heathcote.waltham.sch.uk if you have any concerns or questions (please subject the email as 'Online Learning'. We will update our strategy for learning if necessary once we have further information about the length of school closure.

Yours faithfully,

Mr. R Gallacher
