9th November 2020

Dear Parent/Carer,

The Vaccination UK team will be attending Heathcote School on **Monday 23rd November** to administer the Nasal Spray Flu vaccinations for all Year 7 pupils whose parents complete and return the relevant forms. Each pupil will receive all of the paperwork today and this is to be completed and returned to the school as soon as possible, preferably the next day.

We will be distributing the forms to each child this week and collection will be done by visiting classrooms in the coming days. These distribution and collection procedures will be carried out by staff wearing gloves to help minimise any risk of Covid -19 transmission. The school has kept the paperwork boxed and in envelopes for a week in advance.

This vaccination administration will cause a small amount of disruption to the usual pattern of lessons on Monday 23rd November - pupils will be escorted out of their classes to receive the vaccination before returning. All of the medical procedures for this are carried out by the trained nurses through Vaccination UK.

Please take a moment to read the relevant paperwork that your child brings home and if you have any queries contact the school reception or Vaccination UK in the coming days.

We do have a quick turnaround for these forms so please can you prioritise the return of them.

Many thanks you for your cooperation,

Heathcote School & Science College
